

Health & Safety Policy Statement: 2022

Revised 13/04/2022

The Directors of serpecon Ltd...

Regard the promotion of health, safety, welfare, and environmental protection as a mutual objective for the company and its employees at all levels.

It is the company's policy to do all that is reasonable to prevent personal injury and hazard to health by protecting persons including the public, from foreseeable work and environmental hazards in so far as they come into contact with the company or its products.

serpecon & its directors undertake to provide the following:

- Maintain safe and healthy working conditions, as is reasonably practical and comply with statutory health and safety requirements and the Health and Safety at Work Act (1974).
- Adherence to appropriate local and national health and safety standards
- Training, instruction, information, and supervision to enable employees to perform work safely
- Comply with statutory environmental health legislation
- Assess the risks associated with substances used during business and advise on the health and safety precautions to be taken
- Safety devices & personal protective equipment, wherever necessary and provide instruction on their use
- Complete regular inspections of the workplace and take appropriate action to safeguard against hazards and eliminate / minimise the risk of accidents
- Ensure independent audits are completed to verify the inspection process and ensure that the company's health and safety and environmental policies and procedures are being complied with
- Maintain a constant and continuing awareness and interest in health, safety, and environmental matters
- Actively participate in developing occupational health, safety, and environmental standards within the organisation and through involvement with external individuals / organisations.
